## **CORONAVIRUS (COVID-19) UPDATE**

### **March 21st 2020**

ACTIOS along with so many other organisations and businesses up and down the nation is facing an unprecedented challenge. The government directive to close schools and colleges means that our two Schools Workers Leanne and Elaine can no longer go into the schools to take assemblies, help with lessons, run Prayer Spaces and lunchtime clubs etc.

In response to this challenge Leanne and Elaine are actively looking at ways that technology can help them continue to exercise their ministries in a virtual way using the internet. Please pray that God will help them devise new and innovative ways of communicating the hope of the Gospel in these troubled times.

On a personal level both Leanne and Elaine now have the challenges of “homeschooling their children”, finding food to feed their families and keeping them all safe. Please pray for them at this testing time.

The Trustees are unanimous in the decision that we continue to pay Leanne and Elaine’s full salaries during this suspension of the normal methods in which ACTIOS delivers its vision to share the love of Jesus with the young people in our schools.

The next few months will be difficult for us all, and we are grateful to God for your continuing financial support, but even more important are your prayers that will sustain us through this testing time.

May God bless you and keep you, and may you know his peace that passes all understanding.

Yours, David
